The Trustees confirm that the annual report and financial statements of the Charity comply with current statutory requirements, the requirements of the Charity's governing document and the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in 2005.

STRUCTURE AND GOVERNANCE

The Charity is registered as a charitable company limited by guarantee and was set up by a Memorandum of Association.

The Advisory Council provide guidance on the Charity's activities but are not responsible for the governance of the Charity.

New Trustees and Advisory Council members are recruited with the aim of gaining a range of views, interests and perspectives. Wide networks are consulted including those of our stakeholders who represent the public, private, statutory and charitable sectors and across all major political parties.

The Advisory Council met three times during the year and the Executive Committee seven times. New Trustees are provided with a broad range of information about the Hansard Society including copies of the last year of Advisory Council papers, publications and background information on the organisation. New Trustees are given an induction meeting with the Chair and Chief Executive to discuss particular areas of work and then follow up on these areas, in some cases with other members of staff.

All staff who are in direct contact with children and young people are required to undertake Criminal Record Bureau (CRB) checks.

OBJECTIVES AND ACTIVITIES

Aims of the charity

The charity's objectives are for the public benefit: At the heart of all our work is the principle that civic society is most effective when its citizens are connected with the institutions and individuals who represent them in the democratic process.

Mission statement

We are an independent non-partisan research and education organisation that works to improve the effectiveness of Parliament and other political institutions, primarily in the United Kingdom, to enhance democracy and to stimulate engagement with the political process.

Public Benefit statement

The aims, mission and achievement and performance sections of this report clearly set out the activities which the Hansard Society undertakes for the public benefit.

The Trustees confirm that they have complied with the duty in section 4 of the Charities Act 2006 to have due regard to the Charity Commission's general guidance on public benefit, 'Charities and Public Benefit'.

The Trustees make the following observations on the two key principles of public benefit.

Principle 1: There must be an identifiable benefit or benefits

1a) It must be clear what the benefits are

The benefits are set out in the accounts of Achievement and Performance given in the body of this report.

1b) The benefits must be related to the aims

The benefits set out in the accounts of Achievement and Performance are clearly related to the aims of the Society. The Trustees review the activities of the charity against its aims on an ongoing basis and are satisfied that all activities continue to be related to the aims.

1c) Benefits must be balanced against any detriment or harm

No specific issues of detriment or harm have been identified.

Principle 2: Benefit must be to the public or a section of the public

2a) The beneficiaries must be appropriate to the aims

The beneficiaries are primarily people living in the UK, specifically young people, teachers, students, Parliamentarians, Parliamentary officials, political academics, journalists and civic society.

Hansard Society Limited

For the year ended 31 December 2009

OBJECTIVES AND ACTIVITIES (continued)

Principle 2: Benefit must be to the public or a section of the public

2b) Where the benefit is to a section of the public, the opportunity to benefit must not be unreasonably restricted by geographical or other restrictions; or by the ability to pay any fees charged

As noted above beneficiaries are from a wide range of groups within civic society. Because of the work of the Hansard Society, most events take place in the Westminster or Holyrood Parliament. Fees are not charged to attend. Recordings of events and access to publications are available on the Society's website for those unable to attend. All education resources are offered free of charge.

2c) People in poverty should not be excluded from the opportunity to benefit

Beneficiaries have access to our free events and the majority of our publications, briefing papers and research reports are made available to download free from our website. Membership of the Society is offered at a low annual fee, with discounts to journal subscriptions also offered. It is not necessary to be a member of the Society to benefit from the work of the Society.

2d) Any private benefits must be incidental

Private benefits are incidental as they are a necessary by-product of carrying out the charity's aims. Staff are employed and remunerated in order that the Charity's aims are met.

ACHIEVEMENTS AND PERFORMANCE (continued)

Visiting academic fellows scheme

Dr Martin Steven from Glasgow University joined the scheme during 2009. The visiting academic fellow scheme was established to enable self-funded scholars to utilise the resources of the Hansard Society while carrying out their own research. It is intended to provide an environment to support and encourage academics researching in the areas of British politics and parliamentary democracy. The Hansard Society hopes that the Visiting Fellows will also contribute to its own research programme and activities looking at key issues in British politics and parliamentary democracy.

VOLUNTEERS AND INTERNS

Like many other charities, the Hansard Society is fortunate in that it has a number of volunteers or interns who assist us in our work. Each programme may offer internships during the course of the year to support the core projects and activities and to enable interns to get a taste for working in politics. During 2009, 18 interns assisted our programmes. Interns are offered repayment for their travel expenses and contribution towards their lunch expenses.

FINANCIAL REVIEW

The Hansard Society did not make a surplus as at 31 December 2009. A number of programmes were unsuccessful in securing funds for project work and a deficit of £44,452 was recorded. Funding was not secured to launch a Commission on the future of representative democracy. No significant growth is planned by the Trustees for 2010.

We continue to be funded from a wide range of sources including project-based funding from the government departments, statutory bodies, public and private organisations.

Reserves policy

The trustees have reviewed the requirement for free reserves which are those funds not invested in fixed assets or otherwise committed. Based on their review they consider they need three months of operating expenditure. This is approximately £283,985. As at 31 December 2009, free reserves amounted to £163,000. The trustees are looking at ways of increasing the levels of free reserves.

The Trustees proposed and approved the redesignation of £20,000 from the designated reserve fund for office removal costs to be reallocated to general reserve funds.

Research and Development Fund

The Trustees set up a Research and Development Fund in 2005 from the unrestricted reserves of the Society. This designated fund is earmarked for expenditure on projects agreed by the Trustees to further the aims and objectives of the Society. To access the Fund, Society staff must apply to the Trustees for funding on a specific project and the application must be approved by the Trustees before the funds are released. No applications were approved in 2009. The balance as at 31 December 2009 is £37,734.

Fixed Asset Fund

The Fixed Asset fund represents the net book value of unrestricted tangible fixed assets. Each year an amount is transferred to or from the fund representing the movement in net book value of unrestricted tangible fixed assets in the year. The net book value of assets at the years end amounted to £2,215.

Hansard Society Limited

For the year ended 31 December 2009

FINANCIAL REVIEW (continued)

Pensions Liability Fund

The Trustees had set up a fund to accommodate any future liability from the Pensions Trust. This liability was settled in full during 2009 and the fund is no longer required.

Removal and Reorganisation Fund

The Trustees had set up a removal and reorganisation fund to plan for any future premises move. This balance as at 31 December 2009 is £20,000.

Restricted Funding

The Hansard Society received restricted funding for projects carried out within the Parliament and Government (£38,585) and Citizenship Education (£30,098) Programmes. £10,405 remains unspent in the Parliament and Government programme and is carried forward and will be spent in 2010.

PLANS FOR THE FUTURE

The Hansard Society's work is based on the belief that an effective parliamentary system is central to a successful democracy. In 2010 the Hansard Society, through research and education programmes will continue to build on its unparalleled reputation for producing innovative and influential research that seeks to make Parliament more transparent and accessible. We will continue our important work with citizens of all ages to improve their understanding of, and engagement in, the political process.

Risk Assessment

The Society undertakes a risk analysis to assess any potential impact on our income, expenditure or our ability to carry out activities. The risk analysis is reviewed on a regular basis.

Six high risk items have been noted in the risk analysis: (i) The potential effects of the international situation (terrorism, war, change in exchange rates) on the Scholars Programme. This has prompted us to diversify the student base from the USA, monitor numbers and broaden the USA marketing in addition to developing the scholarship programme and expanding the postgraduate (research scholars) course. (ii) The loss of key staff. We endeavour to mitigate the consequences of this risk by ensuring that appropriate support and skills training is available to staff. (iii) Inadequate non-project-related funding. We are focussing on increasing the number of corporate supporters in addition to our general membership. We are investigating setting up a legacy programme along with carrying out an audit of trusts and grant making foundations willing to fund core costs. iv) Continued economic downturn. Cost savings measures have been identified and will be implemented in 2010. (v) Inadequate margins on projects. Full cost recovery, improved budget preparation and monitoring have been implemented. (vi) Change in government. A review was carried out of all current projects likely to be affected with measures taken to mitigate loss of support from key stakeholders.

HANSARD SOCIETY LIMITED

Notes to the financial statements
For the year ended 31 December 2009

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" issued in 2005, applicable accounting standards and the Companies Act 2006.

1.2 Company status

The Charity is a company limited by guarantee. The members of the company include the Trustees named on page 1. In the event of the Charity being wound up, the liability in respect of the guarantee is limited to £10 per member of the Charity.

1.3 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objects of the Charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors which have been raised by the Charity for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

1.4 Incoming resources

All incoming resources are included in the Statement of Financial Activities when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. For legacies, entitlement is the earlier of the Charity being notified of an impending distribution or the legacy being received. Income is deferred only when the Society has to fulfil conditions before becoming entitled to it or where the donor has specified the income is to be expended into a future period. Where donors specify that donations and grants, including capital grants, are for particular restricted purposes, which do not amount to pre-conditions regarding entitlement, this income is included in incoming resources of restricted funds when receivable

Payments are received for the Scholars Programme in advance; the refundable portion (£250 per student per programme) is included in other creditors and the non refundable portion is shown under deferred income.

Notes to the financial statements

1. Accounting policies (continued)

1.5 Resources expended

All expenditure is accounted for on an accruals basis and has been included under expense categories that aggregate all costs for allocation to activities. Where costs cannot be directly attributed to particular activities they have been allocated on a basis consistent with the use of the resources. The irrecoverable element of VAT is included within the item of expense to which it relates.

Direct costs, including directly attributable salaries, are allocated on an actual basis to the key strategic areas of activity. Overheads and other salaries are allocated between the expenses headings on the basis of time spent.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the Charity.

Governance costs are those incurred in connection with enabling the Society to comply with external regulation, constitutional and statutory requirements and in providing support to the Trustees in the discharge of their statutory duties.

1.6 Cash flow

The financial statements do not include a cash flow statement because the charitable company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.7 Tangible fixed assets and depreciation

All assets costing more than £500 are capitalised.

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Office Equipment	-	2 years straight line
Computer Equipment	-	2 years straight line

1.8 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

1.9 Pensions

The Charity operates two defined contribution pension schemes and the pension charge represents the amounts payable by the Charity to the funds in respect of the year.
